

**JOINT REDEVELOPMENT COMMISSION**

In 1995, the City and Pasquotank County created the Joint Redevelopment Commission (JRC). The purpose behind the Commission is to address blighted conditions within the City and County. Since 1995, the main focus of the JRC has been on the Fairgrounds redevelopment project. Three members appointed by Pasquotank County; three members appointed by City of Elizabeth City for three year terms. Elected official membership is not required, but has been the historical practice.
