

# **PUBLIC NOTICE STREET REHABILITATION**

**Dear Property Owners/Residents:**

The City of Elizabeth City will be completing pavement rehabilitation of the following streets listed below beginning **Monday, April 04th, 2022**. Work hours will be **between 7:30 a.m. and 5:00 p.m.**

- W. Main St (from Road St to Harney St)
- Persse St (from Main St to Fearing St)
- Queen St (from Etheridge St to 3<sup>rd</sup> St)

**Please do not park your vehicles on these streets during this time.**

**Vehicles will be towed at owner's expense.**

During construction, it will be necessary to close the street partially or completely to vehicular traffic during construction work hours due to safety concerns. No street closure is expected to last more than 12 hours at a time. Street parking will also be restricted. "No Parking" signs may be posted along your street and enforceable by the Police Department. All other parking restrictions, including no parking for street cleaning, will still be in effect. Residents should know that access to their driveways may be prohibited for most of the day during the paving operations. If you plan to drive your vehicle while rehabilitation is scheduled in your area, please park it outside the construction area to avoid oil spray or other complications. Please note that the oil and asphalt used during construction is not easily removed from feet, shoes, floors and rugs.

Work is expected to be ongoing from beginning Monday, April 4<sup>th</sup>, 2022 through Friday, April 15<sup>th</sup>, 2022 unless there are any unforeseen problems or inclement weather conditions. Construction in your vicinity may not take place in one continuous time period as there are several phases of construction. It also may not extend for the entire period. As of April 4<sup>th</sup> until your street has been resurfaced; please do not park on the street.

If you have any questions or concerns during normal business hours, Monday through Friday between 8AM and 5PM, please contact Public Works at 252-337-6628. The street rehabilitation may cause temporary inconvenience because of the nature of work. We appreciate your patience during this period and will attempt to minimize the inconvenience.
